

# Learn Better

September 1, 2021

## Inside newly renovated DakotaDome, coaches, players, fans are in for big improvement

"Phenomenal is the word I think of. There's really no comparison." Look inside the newly improved DakotaDome: You won't recognize it. [Read More](#)

## Cybersetting: Mad Labs building designed with focus on flexibility, collaboration

Think of it as a modern mash-up between a classroom and an office building, with a dash of Silicon Valley-like style. Look inside Mad Labs, where even the furniture is meant to support cyberwork. [Read More](#)

## Macro Shifts in the Learning Experience

While students and educators have had different experiences throughout the crisis, it has led to five overarching things they will need and expect moving forward. It's time for a learning experience that's fundamentally better.
